

“Now this is not the end. It is not even the beginning of the end. But it is, perhaps, the end of the beginning.” – Winston Churchill

The following community organization, business, faith-based group or institution is pleased to endorse the Forward OP Vision which captures the essence of what we as a community aspire to be in the future. The vision is supported by five goals, eight initiative areas and 39 specific actions which outline a path to achieving the goals and ultimately the overall vision. This endorsement is meant to capture the spirit of working together for the greater good captured in the vision statement, not necessarily an endorsement of every individual action. It is fully understood that this is a community-wide effort and as such will take multiple partners working together to achieve. The Forward OP process was a robust effort that engaged thousands of people who live, work, play and go to school in Overland Park. This plan works to ensure that Overland Park remains a top place to live, invest in, and visit for many decades to come.

By signing this, your organization will be added to the plan document in recognition of your endorsement of this important community effort.
